Prayer

Lamentations 3:28-31 - "Let him sit alone in silence when it is laid on him; let him put his mouth in the dust - there may yet be hope; let him give his cheek to the one who strikes, and let him be filled with insults. For the Lord will not cast off forever"

- Let us praise God for sending us Pastor Sam and his family to us; may this trying season become a great time of growth and love for our EM.
- Pray for the students who are coming back to Columbus soon. Pray for the safety and health of students, health of our church family, and the health of people in the city.
- May our faith be clearly in line with Jesus and his example. May God grow our faith to the point that the world is uncomfortable with our love for Jesus. May our way of living be against the sinful ways of the world.

Prayer: Lord, our cup overflows with your blessings and peace. Thank you for sending us Pastor Sam and his family, May we become a blessing towards each other and those outside the church. Please watch over the students who are returning soon, our whole church, and the city of Columbus, Please grow our faith to the point where the world opposes it, for the world despises your Son. Let us hold nothing back and lay our lives down each day for you. We live for you and your glory. Amen.

During this quarantine, what do you think God has been pressing on your heart?

Patience. There's a lot of things I wanted to go to or events that got cancelled due to the virus. Also staying home a lot because I don't get to go many places. I am always patient with other people, but with my own faults or inabilities I can become impatient. Forgiving myself more/treat myself the same as I treat others who I help something I have been continually learning.

My dream is...

to die without regret.

What has been the biggest challenge you were faced with during this life stage?

Passing difficult college classes.

What advice would you give to students trying to adjust to college life?

Do what you want. Nobody is going to care what job you have after college, just do what makes you happy.
